THE BIG ISLAND HAMGRAM

The newsletter of the Big Island Amateur Radio Club

You don't need to start big, you just need to start: Options abound

William Polhemus, NH6ET, treated members to another venture into the rewarding world of building your own stuff — "homebrewing" for hams at the October meeting.

It was a continuation and expansion of an earlier presentation by NH6ET. He stepped in when the scheduled speaker

had to drop out. View his "homebrewing" user-friendly tutorial via a link on the BIARC website. biarc.net.

First off: Know that minimal tools are needed to get started.

"Even a pair of scissors will cut through a copper wire," William noted. "The entry level is not very tool intensive."

Homebrewing — From Page 1

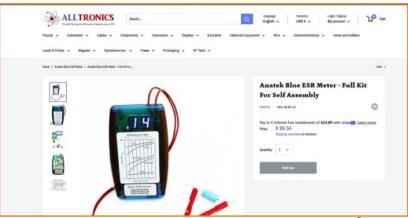

"Start small," he advised, and build your skills as you go. And he offered examples of many kits available for the many bits and pieces of equipment that make ham radio possible.

"You just need to start," he advised. "You don't have to start big."

Advanced Homebrewing

- Once you're comfortable with kits and basic circuits, it's natural to start customizing and innovating.
- · Advanced homebrewing includes:
 - Designing your own circuits (oscillators, filters, mixers, amplifiers)
 - Scratch-building enclosures and front panels
 - Surface-mount soldering and multi-layer PCBs
 - Microcontroller integration (e.g., Arduino, ESP32, Raspberry Pi)
- Often includes reverse-engineering or improving commercial gear.
- At this level, many hams create tools and radios that rival commercial products!

BIARC Executive Board

Thomas Avila, KH6GG, was reelected club president at the January BIARC Executive Board meeting. Others on the 2025 leadership team are Vice President David Miller, KH6CZ, Secretary Joseph Rosenbaum, WH6JOE, and Treasurer Tony Kitchen, WH6DVI.

The seven-member board also includes two at-large directors, Mark Watanabe, WH6FSA, and Shawn Farley, WH6GXZ, and our KH6EJ station trustee, William Polhemus, NH6ET.

Members of the club are encouraged to get involved at a committee level on one or more of the BIARC standing committees. There are many ways to help, and the committee activities vary widely.

As NH6ET noted, the committee level is where things happen. And the committees need "boots on the ground." So, if you see a committee focus that interests you, hop aboard.

Here are the committees:

There were 11 stations that participated but did not submit logs so we did a reverse log in order to confirm contacts. We found that 3 of those stations had over 140 pts with 1 station having 741 pts. There were 2 additional stations with over 40pts. If these 6 stations had submitted logs, they would have changed the outcome of the contest.

The Big Island Amateur Radio Club (BIARC) participated in the CQ Worldwide DX contest (CQ WW) on Saturday, October 25, with an event at the Kamana Senior Center in Hilo.

teur Radio competition in the world. Over 35,000 participants take to the airwaves on the last weekend in October (SSB)and

November (CW)with the goal of making as many contacts with as many different DXCC entities and CQ Zones as possible.

"There were around 10 hams and we only made about 12 con-The CQ WW is the largest Ama- tacts altogether (due to antenna restrictions at the venue.) That didn't really matter because everyone had a good time playing with equipment (including log-

ging contacts on the new club laptop computer), talking story and enjoying pizza. The event allowed for newer and more experienced hams to share knowledge, experiences and have a chance to test equipment.

"Overall, I would say the event was successful by its own measure," said event organizer Joseph Rosenbaum, WH6JOE.
